Information	Faculty of Economics, University of Tuzla Tel: ++387 35 320 820 Fax: ++387 35 320 821 E-mail: icei2021@icei.ba
Purpose of the Conference	<p>It is considered that the crisis caused by the corona virus COVID-19 is universal in economic history and science so far, because it has affected the whole world in terms of its cause and speed of occurrence, as well as its consequences on a global scale.</p> <p>The crisis caused by the COVID-19 pandemic highlighted the structural weaknesses of the world economy, threatening to deepen the divisions between the formal and informal economy, the public and private sectors, and between large (more resilient) and micro / small (vulnerable) enterprises.</p> <p>The fragmentation of the labour market was especially noted, which has been reflected in the form of very low employment rates to date. Thus, the crisis caused by the COVID-19 pandemic has deepened the overall economic relations, which are currently suffering consequences of unimaginable proportions.</p> <p>Countries in the region of Southeast Europe are also facing a crisis caused by the COVID-19 virus pandemic. All this makes this region particularly vulnerable to sectorial risks. Moreover, some economies face employment problems, fiscal</p>

	<p>risks, etc. Even in Bosnia and Herzegovina, it is still not possible to predict recovery from the pandemic crisis. The consequences are still being seen in the private sector, the trade, services and agriculture sectors.</p> <p>In that respect, by sharing ideas and experiences through critical thinking, the Seventh Scientific Conference ICEI 2021 aims to provide answers and a set of macroeconomic measures to combat the crisis COVID-19.</p> <p>Coronavirus also changed the way the Seventh International Scientific Conference is held. This means that the Conference will be held as a <i>video conference</i>.</p> <p>This crisis will be a great challenge for economics and profession, and based on the experience previous conferences, we expect the presence of a large number of eminent scientists, researchers and experts in the fields of economics and business as well as scientists from other fields, whose research would contribute to finding solutions for successful coping with COVID-19 pandemic</p> <p>The International Scientific Conference will receive significant media coverage.</p>
<p style="text-align: center;">Paper publishing</p> <p style="text-align: center;">ICEI's 2015 Conference Proceedings</p> <p style="text-align: center;">&</p>	<p>Abstracts and full papers are submitted in English and will undergo a double-blind peer review.</p> <p>Only those abstracts and full papers that are submitted by the deadline and are prepared in line with the Guidelines for Paper Writing will be sent for a peer</p>

**ICEI's 20157 Conference
Proceedings**

indexed in:

review.

Accepted scientific papers will be published in the Proceedings of the Conference.

We are pleased to emphasize that the ICEI 2015 Proceedings and ICEI 2017 Proceedings are indexed in **Conference Proceedings Citation Index (CPCI), Thomson Reuters Web of Science**, and are listed in the **EBSCO** database (EBSCO Publishing - Business Source Complete). Also, ICEI 2019 Proceedings is in the process of indexing, which has been slowed down due to the COVID-19 pandemic.

The authors of the selected papers that meet the scientific criteria of [Economic Review: Journal of Economics and Business](#) will be asked for permission to be published in this Journal. The Journal is indexed and listed in **Cabell's Directories, EBSCO Business Source Complete, ECONBIZ, EconLit, EconStor, Index Copernicus Journals Master List, RePEc (Research Papers in Economics), Road.**
